

What if You Could Leave A Piece of History for Years to Come?

Baldwin Grows Garden Brick Fundraising Campaign

About The Fundraiser: “The Love My Garden” brick fundraising campaign is a collaboration between Baldwin County Board of Education and the Baldwin Nutrition Department to raise funds to support the installation of a brick pathway in the Baldwin Grows Learning Lab Garden for handicap accessibility.

What Do We Need?: To create the 4’ x 100’ pathway, we need to secure approximately 1,500 bricks from supporters.

How Can You Participate?: You can purchase a 4”x8” brick with 3 (20 character) lines of text for \$50 or an 8”x8” with 6 (20 character) lines for \$100.00.

Wording To Consider: Class of, In Memory of, In Honor of, Alumni, Business Slogan, etc..

What Are the Benefits?:

- As a sponsor, you and/or your business will have a permanently engraved brick on a pathway within the garden.
- Students who visit the garden will recognize your generous contribution for many years to come.
- You are also helping us to make sure the garden is accessible to all students in our district.

BALDWIN HIGH SCHOOL GARDEN PROJECT

Buy a Brick for the “Love My School Garden” Brick Campaign!

The Baldwin County Nutrition Department and the Baldwin County Board of Education has taken on the endeavor of starting a new Garden Project at the High School to provide students with the opportunity to learn Agri-business by growing their own food in the Baldwin Grows Learning Lab Garden. This is an exciting but challenging task that requires lots of support from students, parents, teachers, friends, alumni and the greater community.

On behalf of the students of Baldwin High, the Baldwin County School Board and Nutrition Department, we would like to ask for your help with this project. We are asking for you or your company/organization to participate in our brick fundraiser. As a sponsor, you or your company will have an engraved brick on a pathway that is a part of our inclusion garden area for handicap accessibility. We need approximately 1500 bricks to complete the pathway for our garden project.

You can also be assured that your brick will last for years to come. After researching many companies and comparing many products, we have chosen Brick Markers, USA as our provider for this project. Brick Markers USA has completed thousands of projects in the United States, Virgin Islands, Europe and Japan. Most notably, Brick Markers, USA was chosen by the Green Bay Packers and Lambeau Field for their brick campaign. Brick Markers, USA utilizes the Vitralase and Vitrix laswe engraving process. What does that mean? It means that your brick will be of the highest quality and comes with a lifetime guarantee.

All of the proceeds will go directly to support our Farm-to-School Garden Initiative. Each brick will be placed on a special walkway to assure all of our students have access to the garden. This is a tremendous opportunity to be involved with a great cause and to show your support for the Baldwin Grows Learning Lab Garden. Your tax deductible contribution to the children of Baldwin County High School will be memorialized for years to come!
